USE OF TRAINED INTELLIGENCE ANALYSTS 50X1-HUM

1. The Military Academies of Sibiu and Medias, in Transylvania, have been reopened.
  2. The weapons used by the Rumanian Army include Russian machine carbines, rifles and Russian 75 mm anti-tank guns. The vehicles are mostly International and Studebaker trucks.

The following locations in Bucharest are known:

- |                                                                             |                                                                                 |          |
|-----------------------------------------------------------------------------|---------------------------------------------------------------------------------|----------|
| a. <u>Commissariat Barracks</u>                                             | Plevnei street                                                                  | 50X1-HUM |
